

Sunday 29th April 2018,

Hull Auto Club, Farndale, North Yorks, OPEN 2-lap Charity Trial.

On Sunday 29th April Hull Auto Club will run their Open Dave Summer Trial for the Kennington Cup, the first or their two Farndale 2- lap charity trials set on great trials land in the beautiful valley of Farndale in the midst of the Yorkshire Moors.

As the trial is in aid of the Farndale Village Hall Fund, landowners have allowed us to link 3 adjacent farms to give 2 laps of 20 or more varied sections with a great ride round all off road.

It is an OPEN, enter on the day trial for all Adult & Youth solos with routes for Experts, Intermediates, Clubman A and Clubman B, twin shocks ride Clubman B route. There is also a separate conducted Youth D & E & beginners near the start field. This event also incorporates the East Yorks Centre Adult, Clubman and twin-shock Championship rounds and Inter Club Team Trial.

Due to the big lap, the conducted trial for Youth D & E will be run adjacent to the start field.

Members of the village hall committee will be selling the normal butties and hot drinks after the event –free to all observers/helpers..

The start is at 10.30 prompt at Wether Hill Farm, Farndale, Kirkbymoorside, North Yorks, YO62 7LA. Flagged from the Hutton le Hole to Castleton road, down Blakey Bank to Church Houses, then across the valley to the West side. Only use the flagged route into Farndale.

Update 16/4/18

The planned widening of the entrance to the parking field was carried out yesterday, when part of the wall was dismantled, the gatepost moved and a new 15-foot gate was fitted. The exit at the bottom of the field will also have a similar gate by the time of the event.

Please allow ample time to get to the venue and enter well before the 10:30 start, as the route from Blakey Ridge is narrow and long.

In the event of bad weather, please look on Trials Central or Scarborough & DMC or Guisborough & DMC websites for any updates.
